Christmas closing

Thank you for your continued business and support in 2023, we look forward to working with you throughout 2024.

We hope you have a wonderful Christmas and a Happy New Year.

Our offices will close at 4:00 PM on Friday 22nd December 2023 and re-open at 8:30 AM on Tuesday 2nd January 2024

Where are they now?

Last month we showcased our latest graduates from our ICF course.

Well this month we are pleased to showcase the success stories of our graduates from the ICF course we ran back in July.

We managed to contact 4 of our 5 graduates and were pleased to hear all positive stories.

One is working on a beam trawler, one has found a job lobster potting, another tried gill netting and will return to fishing once finishing his college course and finally one graduate is fishing off his own boat in Porthleven.

Presumably the candidate we couldn't get hold of is too busy fishing to let us know how they are getting on!

I-VMS roll out

The MMO is now commencing the roll-out phase of inshore vessel monitoring system (I-VMS) devices to under six metre vessels. This phase continues the MMO's support for all under 12 metre vessels to enable them to meet the requirements to have an I-VMS device once legislation comes into force early 2024
Under 6m Vessels have until the 18th December to apply

Grant-aid for Life jackets

SWHFA have announced that they have received funding from EMFF towards MOB prevention workshops and constant wear PFB with PLB equipment.

Members will receive their information this week.

If you know of a fisherman who would benefit from the personal safety workshop, or are struggling to fund the equipment please contact the SWHFA via

www.linecaught.org.uk
or call SCT's office on
