Seafish have announced that they are extending their training grant for experienced fishermen. This will pay course fees for watchkeeping, diesel engine, radio operators, stability and other courses towards your under 16.5m Skipper ticket. The grant will also cover course fees for qualifications towards Class 1&2 Fishing qualifications, including preparation for oral exams. Get in touch to arrange bookings and to apply for training grants

Matilda Phillips, a Cadgwith born and bred fisherwoman, is coordinating the, first of its kind in the UK, Young Fishermen's Network. The network will bring visibility to the values of fishing as a career and create a platform for meeting other young people with a similar passion.

The Young Fishermen Network will deliver a series of projects to recruit and retain new entrant fishermen, they aim to be the home of fishing based social events. New members are introduced via the

@youngfishermennetwork instagram page, familiarising faces within the network, check it out!

Matilda will be making her way around fishing communities raising awareness of the network and promoting the industry so do keep an eye out and say hi!
