or take a look at  group – **UK Commercial Fishing crew database**

MCA UPDATE RULES FOR WHO NEEDS BASIC SAFETY COURSES

All fishers must complete the Safety Awareness course within 2 years from when they started fishing including foreign crew.

Fishers who were working in the industry prior to the 1 January 2005 are NOT required to complete the Basic Health & Safety course.

For those experienced fishers who have completed the Safety Awareness but have NOT completed the basic Health & Safety course the MCA will not penalise. An experienced fisherman is defined as a fisherman who has been working as a fisherman on a UK fishing vessel for two years or more.

Foreign crew must complete Basic Health & Safety course before working on a UK fishing vessel.

LOOKING FOR CREW???

our new recruits will be qualified at the end of the month, if you would like to come along and meet them please contact me.
